Discover a rare gem in this 3-bedroom, loft, 2 1/2 bath duplex, located in a private, non-gated neighborhood. Boasting 1,982 sq. ft., this residence was totally renovated with a meticulous design style that welcomes you with a sense of warmth and comfort. Featured in 'Architectural Digest' in 2017, the 4-level home has many custom features, including solid walnut cabinetry in the kitchen, bathrooms and bedrooms; white enamel lower kitchen cabinets with easy clean drawers and Magic Corner systems; quartz countertops and Ann Sacks tile backsplash in the kitchen; solid white oak flooring throughout; custom glass and stainless steel stair rail system; foam insulation stud-to-stud, floor-to-ceiling throughout and the "high end" appliances and accoutrements found everywhere in the property.

The main level's open-concept living, dining, and kitchen area, is suffused with natural light that accentuates the exquisite architectural details throughout. Step outside to the front deck, where views of the mountains unfold. It isn't merely an extension of the living space; it's a retreat for experiencing tranquil mornings and leisurely evenings. Picture yourself sipping a cup of coffee as the sun rises over the mountains or unwinding
